**13h30 – 18h00**

Building on our ten year track record with our acclaimed MineAfrica seminars and significant recent oil and gas discoveries in Africa (including BP's entry into Namibia) we are pleased to introduce our newest seminar series – **ENERGYAfrica** – launching on June 19, 2012 in Toronto, featuring updates by junior energy companies with projects in Africa and technical presentations on doing business in Africa's energy industry by expert advisors and service providers. The seminar is organized in partnership with **Premier Sponsors Norton Rose** and **TMX Group** and Corporate Sponsor **Eco (Atlantic) Oil & Gas Ltd.**

The seminar covers oil and gas, coal and uranium projects and opens with a keynote address by Immanuel N. Mulunga, Petroleum Commissioner, Government of Namibia – Ministry of Mines and Energy, followed by twenty minute corporate and technical presentations and a wrap-up networking cocktail reception.

Our audience is the Canadian financial industry with an interest in African energy projects (including analysts, fund managers, investment bankers, brokers, high net worth investors, etc), senior industry executives, expert advisors to the industry, media and service providers.

The specific focus on energy projects in Africa means that 100% of the audience is in attendance because they are interested in energy projects in Africa. They are "Africa friendly."

Presenting is cost effective at C\$2,750. We also have a limited number of sponsorship opportunities available. More information can be found at [www.mineafrica.com](http://www.mineafrica.com).

**WHO SHOULD PRESENT?**

- public and private companies with energy projects in Africa
- service providers and expert advisors such as financial institutions, law firms, engineering firms and consultants with expertise in doing business in Africa's energy industry
- African governments seeking foreign investment in their energy sectors

TESTIMONIALS FROM PAST  
MINEAFRICA SEMINAR PARTICIPANTS

- “The MineAfrica breakfast was a show stopper.”
- “I have never attended such a well attended session in terms of level of individual, cross section of organizations servicing one sector and variety of countries not usually present at such events.”
- “It was a superbly focussed opportunity to spend a day with colleagues and clients who have business interests in Africa – something that would've taken me months to achieve.”
- “Events like MineAfrica provide a magnet and a filter - to attract the right people to make our projects fly, and to allow us to focus on those right people.”
- “The quality of the presentations has been excellent – interesting, relevant and topical ... I enjoyed the case studies.”
- “A well-organized and well-structured seminar with a good mix of speakers and quality presentations.”
